

Verticool Split Airconditioners

Powerful cooling and easy
installation for really large spaces.

Blue Star

offers a versatile airconditioning solution for large commercial spaces such as open-layout offices, showrooms and banks particularly when you need it installed in no time.

The Verticool Airconditioner

- Ideal for airconditioning existing open layouts without obstructing partitions.
- Need no ducting or false ceiling, hence quick to install.
- Does not need wall or window space. With a footprint of less than 2.5 sq. ft., it will utilize an unused corner or can be installed beside a column in the room.
- Large spaces can be cooled using multiple units.
- Cold air is delivered from a good height and can therefore reach up to 25 ft., enabling cooling of a large area.

Technically Advanced

Powerful cooling: Available in 2.5, 3.5 and 4.5 ton capacities so you can consider non-ducted solutions for larger spaces. Multiple units can aircondition much larger spaces.

Powerful air throw: Excellent air throw of up to 1200 CFM to a distance of 25 feet, reaches every corner of the room for quick, effective cooling.

Efficient: Power saving, 3-phase compressor, guarantees up to 10% power savings over single phase splits, ensures longer life and eliminates the need for a stabilizer.

User-friendly Operation

Fuzzy logic control: Automatically operates at optimum settings based on indoor and outdoor conditions.

Oscillating louvers: For even air distribution.

Low noise: Quiet yet powerful indoor fan.

Econo mode: For power saving operation even while cooling comfortably.

On and Off timers: Set timers to automatically switch the airconditioner on and off at preset times.

Dry mode: Decrease humidity even while cooling.

Remote control: Full functional remote handset.

Blue-fin condenser: Inner grooved, copper, hydrophobic, blue-fin condenser for highly efficient heat-transfer.

Reliable: 3-phase compressor and a sturdy system design ensures longer life, making them more reliable.

Compact: Small footprint IDU and ODU occupy little space. Low-height ODU is façade-friendly.

Outdoor unit

Technical Specifications - Verticool Split Airconditioner

Description	Units	Models		
		VCE-301 R	VCE-421 R	VCE-541 R
Cooling Capacity	BTU/Hr	30000	42000	54000
	K.Cal/Hr	7500	10500	13500
Power Consumption	TR	2.5	3.5	4.5
	KW	3	3.8	5.25
